Profile

Final-year engineering student at ISEP, certified **Databricks Data Engineer** and **AWS Solutions Architect**. I sit between data and DevOps: I take Python and ML code to production, tested, containerized, deployed through CI and monitored.

Skills

Backend and data stores: Python, FastAPI, PostgreSQL, Redis, SQL, Elasticsearch

Production and infrastructure: Docker, Terraform, AWS (ECS, RDS, VPC), Kubernetes, Linux, Bash

CI/CD and quality: GitLab, GitHub Actions, Git, pytest, Soda data tests

Monitoring: Grafana, Kibana, Metabase

Data and ML: Airflow, dbt, Spark, Kafka, scikit-learn, demand forecasting on time series (ARIMA)

Projects

Kairos, price tracker 2026

- Built a FastAPI service running scheduled Playwright scraping jobs, with an LLM fallback when a page layout is unknown, writing a price history to PostgreSQL.
- Triggered automated email alerts on price thresholds and shipped the Next.js interface on top.

Bozarts v2 2026

- Provisioned the AWS infrastructure as code with Terraform (VPC, ECS, RDS PostgreSQL, load balancer, ECR) and containerized the application with Docker.
- Automated tests and deployments across environments with a GitHub Actions CI/CD pipeline.

Retail Data Pipeline 2026

- Ran an ARIMA demand forecast and a KMeans segmentation on 500,000 transactions inside an Airflow-orchestrated dbt pipeline on BigQuery, gated by Soda tests and a dbt CI on every merge.

Wikipedia Pulse 2026

- Deployed an Isolation Forest model inside a Kafka and PySpark pipeline, packaged as a Python module with 24 unit tests, and monitored its 365 detected events in Kibana.

Experience

Web Development Intern June – September 2023

ARTCI, Côte d'Ivoire

- Built the electronic signature backend of **SIGFAE**, the platform used by Ivorian ministries.

Education

Engineering degree (Master's level), Information Systems Architecture, ISEP 2024 – 2027

Preparatory classes MPSI/MP 2021 – 2024

Certifications and languages

- **Databricks Certified Data Engineer Associate**
- **AWS Certified Solutions Architect Associate**

French: native

English: B2
