SORO Amidou

Engineering Student – Full Stack Development

soroamidoux23@gmail.com | amidousoro.dev | AmidNova | amidou-soro | Paris, France

Profile

Full-stack engineering student with a systems-first mindset — comfortable across the stack, from REST API design to cloud infrastructure and data pipelines. Built and shipped real products. Looking for an apprenticeship where breadth is an asset.

Professional Experience

Web Development Intern June – September 2023
ARTCI, Côte d'Ivoire

- Built the backend module for electronic signature image management (storage, organization, access control) for **SIGFAE**, a national e-government platform
- Deployed nationwide across all government ministries in Côte d'Ivoire, eliminating the need for citizens to travel for administrative documents
- Stack: MySQL, React.js

Projects

Kairos – Price & Stock Tracker 2025 – 2026

- Built a personal tracking tool — submit a link, get a push notification when the price drops, a promo hits, or an item is back in stock
- Designed an asynchronous REST API handling scraping, event processing and push delivery
- Stack: TypeScript, Python, React, Next.js

Bozarts – Artisan E-commerce Platform 2024 – 2025

- Architected the full relational data model: entities, relationships, integrity constraints, normalization
- Shipped a platform with user profiles, product catalog, cart and messaging
- Stack: PHP, MySQL, HTML/CSS, JavaScript

Personal Portfolio – amidousoro.dev 2026

- Designed and built an interactive portfolio with a full 3D immersive experience
- Stack: React, TypeScript, Three.js, Vite, HTML/CSS

Education

Engineering Degree – Information Systems Architecture 2024 – 2027
ISEP, Paris

Preparatory Classes MPSI/MP 2021 – 2024
ESTM, Casablanca

Technical Skills

Full Stack : React.js, Next.js, Tailwind CSS, TypeScript, Node.js, Express, NestJS, REST API Design

Data & Cloud : AWS, Azure, PostgreSQL, MongoDB, Cassandra, Apache Spark, Power BI

Tools & Languages : Python, SQL, Java, Git, Docker, Linux, Figma

Certifications & Languages

Certifications

- **AWS Solutions Architect Associate**
- **Scrimba Full Stack Developer**

Languages

French : Native

English : B2 – Professional
